QUINTUS LANGSTON GREENE

PROFILE

Front-end developer interested in intuitive design and modern technologies.

EXPERIENCE

WEB SPECIALIST, THE AMERICAN SOCIETY OF HEMATOLOGY
WASHINGTON, DC · 2016–PRESENT

Lead UX design projects. Develop new site features and functionality. Optimize web content and navigation. Test properties and applications developed by vendors. Improve the Society's style guide. Work with strategic groups to create and edit new content.

FREELANCE WEB DEVELOPER
WASHINGTON, DC · 2012–2016

Designed/developed web properties and assets for clients such as the Detroit Institute of Arts, UCLA, ACJ, and MAPABA. Noteworthy projects include the development of playjnl.com and an assignment with the World Wildlife Fund that included support of the organization's "Apps for Earth" partnership with Apple.

DIGITAL COMMUNICATIONS COORDINATOR, MILLER CANFIELD
DETROIT, MI · 2008–2012

Wrote, designed, distributed, and tracked email and web communications. Identified and characterized audiences. Administered CRM. Trained CMS use. Optimized content for search. Collected and analyzed client intelligence.

EDUCATION

WAYNE STATE UNIVERSITY · B.S., BUSINESS ADMINISTRATION
